The Luxury Lookout dog seat is really gorgeous!

For years I had the old style seat, but when I acquired a new car, I thought my fabulous Border Terrier deserved a new seat. It is very plush, handsome, and larger (he can stretch out and sleep in it)! Both my beloved Raymond and I LOVE IT!!!

Great car booster seat!

Great car booster seat! Lifts my pup to window height so he doesn't get motion sickness. When we arrive home, my pup is so comfortable, he doesn't want to leave his booster to go in the house.

Let your dog enjoy the ride, too.

Elizabeth K - Luxury Corner Owner - 03/24/15

"We love this bed and have nothing but great things to say about it!!!"

We bought this wonderful dog bed to put in a corner under our computer desk. I work from home and Tom, the Australian Shepherd, loves to sit under the desk while I work. He loves this bed! He uses it everyday! The material is really sturdy. Tom likes to "dig" in his bed before he lays down and this has held up against his doggie toe nails. The sides are just the right height to rest his chin on, and in the colder months just right to snuggle up against.

**Snoozer® beds are built with your
pet's comfort in mind,**
in a variety of styles, colors, patterns and sizes to
accommodate any space, and complement
virtually any home decor.
